# Meet All SCENARIOS

## 1. Open Mode

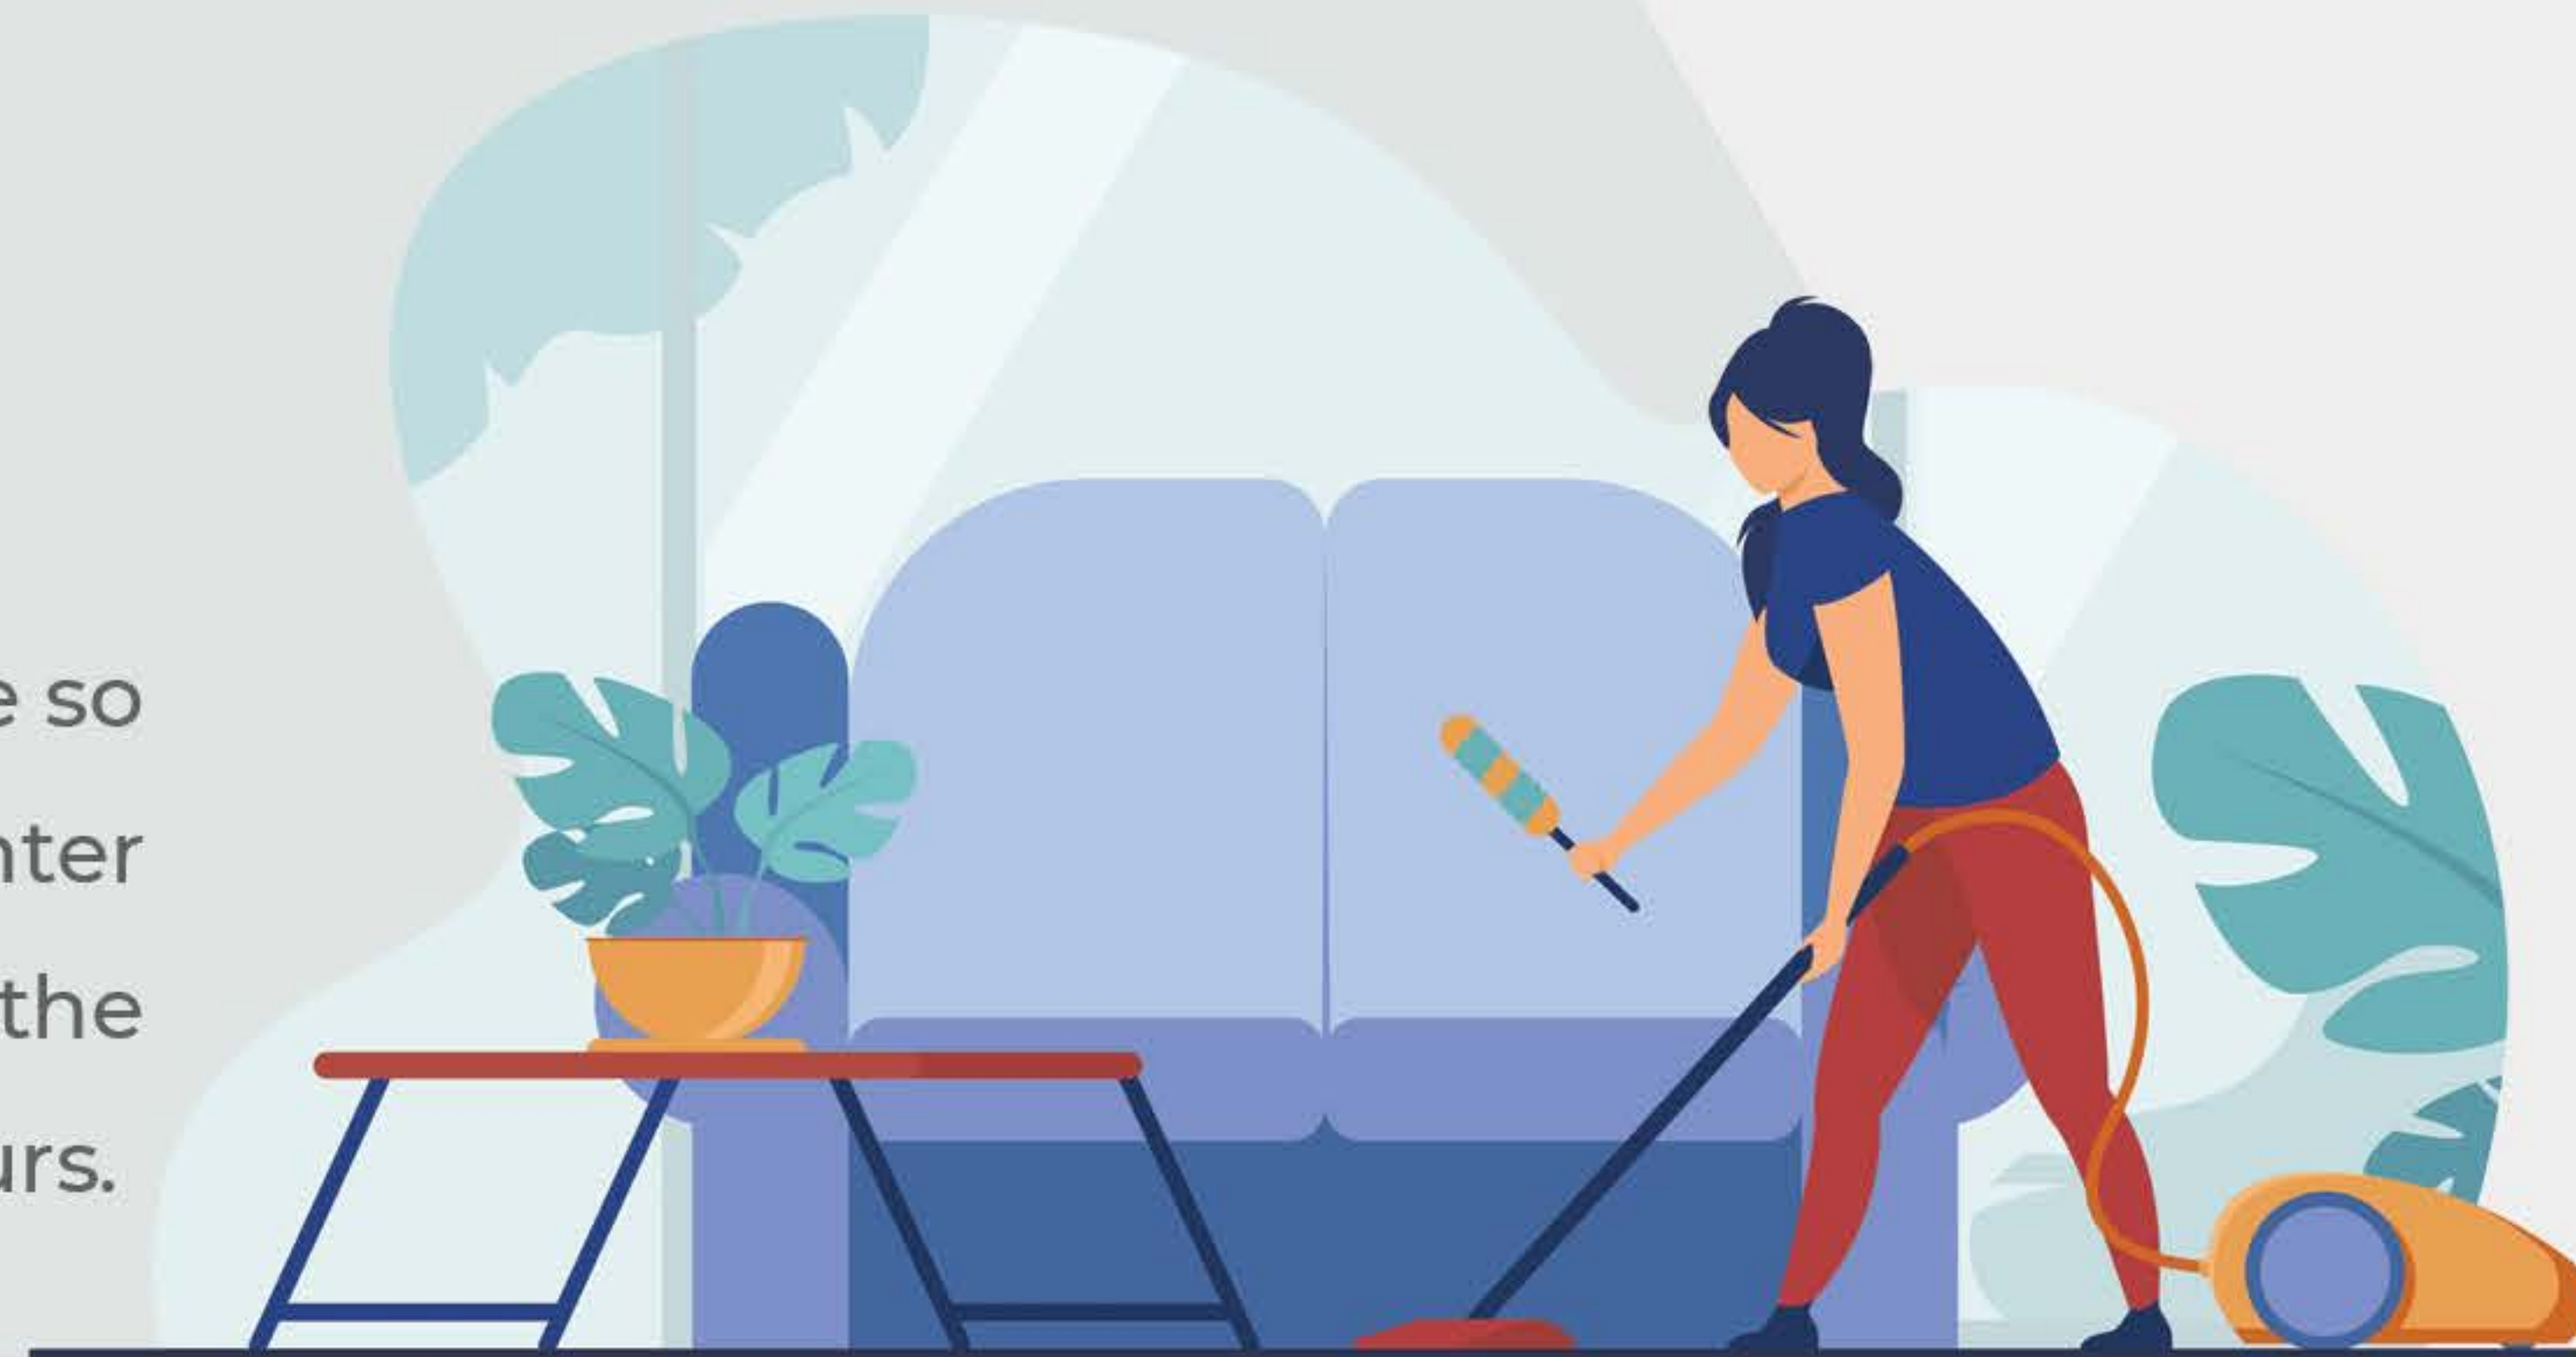

Monday, 9 am  
Maria, the receptionist

She activated the Open Mode so that other employees can enter the office without inputting the passcode during working hours.

## 2. Customizable Agenda

Every Tuesday & Friday afternoon  
Betty, the cleaning lady

She has a customized code which is only valid for this specific workdays and period.

## 3. Single Entry

Wednesday, 5 pm  
Bryan, a client

The secretary created an one-time code for him. The code will be deleted automatically after his entry.

# Multi-level USER MANAGEMENT

**Master User**  
The employee.  
Highest level with all operations

**Secondary User**  
The HR manager.  
Assist the employer to manage all users and passcodes

**Agenda User**  
The cleaning staff.
